

This high print volume printer with an Integrated Ink Pack System featuring 1.6L pigment ink packs including Pk, Mk, CMY, Red.

The SC-T7700DL combines high productivity with a low total cost of ownership. It provides the capacity for extended print runs thanks to its 6-colour integrated ink pack system with 1.6L UltraChrome XD3 all-pigment ink packs, including a red. The dual-roll boosts productivity by automatically switching rolls even between two different media types and sizes or for roll-to-roll printing.

Focused on higher print volumes

The SC-T7700DL boasts 1.6L ink packs, versatile dual rolls and a permanent 2.64-inch micro TFP printhead. The features result in a durable high-volume printer for customers who need speed, consistent image quality and security.

Fast and adaptable

High speeds up to 130 m²/hr, water resistant pigment inks, automatic media switching and bi-directional auto take up reel.

Ideal for print rooms or copy shops

The contemporary and versatile design make it ideal for working environments, with a flat back, front and sides it allows installation tightly against walls and cabinets. Save regularly used files securely on the encrypted 960GB SSD¹. Monitor usage and consumables remotely.

Lifetime printhead²

Print large quantities of detailed technical drawings or advertising posters, without the need to replace the printhead. Images will look professional, precise, and vibrant.

KEY FEATURES

- **High productivity**
Fast, versatile and secure printing from PC, mobile, USB and 960GB SSD
- **Enhanced security features**
Protect highly confidential documents with ease
- **Versatility**
Automatic media loading, dual roll and Production Stacker³
- **High image quality**
Sharp detailed prints thanks to Adobe PostScript 3 as standard
- **Less waste**
1.6L ink packs reducing wastage and dedicated Mk, Pk channels

PRODUCT SPECIFICATIONS
