 Google TV

The ultimate entertainment & gaming experience

Transform your home entertainment with the Philips GamePix 800 Smart Projector – your top choice for stunning visuals in any environment. With an impressive 2500 ANSI lumens of brightness, this powerful projector delivers vibrant, high-definition imagery for both gaming and cinematic experiences. Immerse yourself in breathtaking Full HD 1920x1080 resolution, a 1500:1 native contrast ratio, and 98% Rec.709 color accuracy, enhanced by the Colour Management System that brings every detail to life in crisp, vivid color.

Experience ultra-responsive, immersive gaming with our projector's 120Hz refresh rate and ultra-low 8ms input lag, designed to keep you ahead of the competition. Enjoy fluid motion with reduced blur, precise control, and near-instant reactions for a seamless, edge-enhancing gaming experience. 3 independent gaming settings provide you with the best experience whether you're into Action, Adventure or Sports games.

The GamePix 800 Smart includes Google TV, which brings together all your favorite streaming apps, live TV, and personalized recommendations in one intuitive platform, making it easier than ever to find and enjoy content. With a user-friendly interface, Google TV curates shows, movies, and videos based on your viewing habits, suggesting options from services like Netflix, Hulu, Disney+, and more, so you can discover new favorites without endless scrolling. Moreover, with access to the Google Play Store, you can expand your entertainment options by downloading additional apps, games, and more.
